

DANIEL WALSH  
ZG-SMD

I am a dedicated, goal-orientated professional graphic designer/artist. I am highly passionate about art and design. My main objective is to create the most stellar visual experiences for each client by providing them with striking graphic content to aid their business, and/or artistic visions.

I enjoy working with others on collaborative projects, and sharing ideas and skill sets to grow as a team. I believe that to rise to any challenge, it takes hard work and persistence. Designing for, and working with people that share the same passion, yields the best results.
